

2022 Supplier Ingredient Affidavit: Wine

MOM's customers rely on us to provide products that adhere to our strict ingredient standards. While the alcohol industry lacks requirements for full ingredient disclosure, we want the brands we carry in our stores to provide transparency regarding ingredients that may not meet our standards. We favor brands that obtain organic, sustainable, and biodynamic certification and those that do not include unnecessary additives in their production. If no third-party certification is available, please answer the following questions.

Do any of your products include artificial colors? Yes No

If yes, please list the artificial colors used and the product that contains it:

Do any of your products contain sweeteners? Yes No

If yes, please list the type of sweetener used and the product that contains it:

Do any of your products contain thickeners and/or emulsifiers? Yes No

If yes, please list the type of thickeners and/or emulsifiers and the product that contains it:

Do any of your products use flavoring agents? Yes No

If yes, please list the flavoring agents and the product that contains it:

Do any of your products use preservatives and/or stabilizers? Yes No

If yes, please list the preservatives and/or stabilizers and the product that contains it:

What sustainable practices are utilized in the vineyards in regards to pest, fungus, weed management, and water conservation?
